Hi Helen,

I shared your slides with our office and they asked me to request that you change the wording on slide 3, the bullet "EPA and USACE committed to have the FFA signed within a year". Our attorneys said that the FFA will be signed by Department of Army and that we, including our Commander, do not have authority to make any commitments of this nature for Army Secretariat officials. Mr. Terada has that authority, so it would be more appropriate to revise the statement to remove any reference to USACE. Also, Mr. Terada said "if possible" at the end of his commitment statement at the G2G consultation with YN. You might want to include that caveat.

Thanks,
Chris

Oops! Laura found a small error in my slides. Please use the attached instead. Not the end of the world though, if I am too late and you've already pulled the combined set of slides together.

Thank you --
